

How To's

How do I add OPS (On-base percentage + Slugging) to an overall report?

NOTE: OPS = OBP + SLG

For an overall report, the following would be put in the Result field (edit report mode, add new field):

$(\text{sum}(s.\text{Single}+s.\text{Double}+s.\text{Triple}+s.\text{HomeRun}+s.\text{Walks}+s.\text{HitByPitch}) * 1.0 / \text{sum}(s.\text{Plate})) + ((\text{sum}(s.\text{Single}) + 2 * \text{sum}(s.\text{Double}) + 3 * \text{sum}(s.\text{Triple}) + 4 * \text{sum}(s.\text{HomeRun})) * 1.0 / (\text{sum}(s.\text{Plate}) - s.\text{Walks} - s.\text{HitByPitch} - s.\text{Sacrifice}))$

You also want to make sure the Format is: #0.000

Unique solution ID: #0
